Message from the author

The character in "chain of pearls" were voiced in the Perfect Clip, a digital comic for all readers. every voice was so attractive and I was really happy (to immitate the voices, (lol)). sinced there were also plenty of sexy scenes, I even imagined how readers watches them alone secretly somewhere(lol).

The Story Up To Now.

Hisa is a High school girl. She depended on her middle school sempai, Keito, to get her a position as manager on the soccer club. There she meets Sakyou - the most important member of the team who, at the same time, however has no courtesy towards others. But Hisa has a secret part time job in the evenings and he follows her accidentally and finds out about it. Hisa and Sakyou start to date. At about this time, Keito confesses to Hisa. Because Keito had known Hisa before, Sakyou had not said anything about it to Keito... However, Sakyou and Hisa had started going out without restricting their feelings. Even though it was one-sided, Keito wouldn't give up. In despair, he pressed Sakyou and Hisa to quit the soccer club. Because of Keito's feelings Sakyou quit, but then Keito started a fight...!?

1 WELCOME

Indeed, hello!! I'm Kanan Ari last, "Shinju no Kusari [Chain of Pearls] (2) <Conclusion>." I'm so happy!! I was able to bring even this serialization, which I started quite uncertainly, to a comfortable close. What will become of the love triangle between Hisa, Sakyou, and Kestel? If you enjoy the story to its end, then that is my greatest joy

<A Service for All Subscribers>

"P-CLIP"—An unspeakably horrid machination has become a service for all.

I say this beforehand. For those whose dreams are crushed, forgive me—Maaan, I guess manga authors really ought to not make appearances.

Voice actors, on the other hand. Oh, well. No matter how I struggle, Kanan is just that type of personality. Just the day the interview was recorded, it hurt to get my voice out. Because of karaoke the previous day. I would think that the actual tone of my voice is a little bit higher—hmm.

I don't know my own voice.

In any case, for those of you who have subscribed, thank you very much!!

Kanan currently has a wavy perm.

Ugh, I can't draw my face.

3 SAKYOU AND KEITO

Read this later, okay? ^ I was going to talk about how "Pearls—" focuses on Misa and her love triangle with Sakyou and Keito, but.....

Sakyou has overwhelming popularity^...Well, I had made a general prediction beforehand, but I would have liked to divide the popularity a little more evenly... or at least that was your author's mental state (wry grin). I ended up receiving letters begging, "I feel so sorry for Keito. Please do something for him!!"...;; Arah, it pains me.;; If I had to say who I'm personally rooting for, st'd be.....-----Sakyou ♥ ^

Ha ha ha ha ha (wry grin)^;; It's because I suck at drawing that hair style...! It's difficult to balance out. Really, I wanted to give Keito a happy ending in a side story or something, but—

*The name of this story is "Chain of Pearls." It is the story about the chains of love so I drew a sweet picture using pearls. But I don't know if it's because I'm not familiar with drawing pearls or something because my friend asked me if they were "dango."**

waa! DANGO...!? Maybe because it is its cartoon that it looks like dango or something. I'm really sad. Is there anyone out there who can give me some pointers? Unconditional Love Method

This story is one that I have drawn before. It's a work that I drew during my first year entering the field of work. At the time I drew the beginning of this, I was experiencing a severe broken heart (hehe heh) Was thinking about how that broken heart was hurting so badly. It's startling. Even though they're broken hearted, when you look at it in the drawing they look more like people who are hungry more than anything. Maybe my real thoughts were really like that. But now, it's different. It's not to the point where I can't sleep or can't eat. When I think about it, I cry, thinking about how I can draw to that extreme point. But at least I was able to feel the emotions enough to completely finish the work. ☺ and the next story is about love and broken hearts again.

On the topic of broken hearts, really in "Chain of Pearls" in the beginning there was a story about broken hearts too (heh heh) Book 2 when I was drawing Hisa and Sakyou who broke up I was able to draw feeling like I was also broken hearted (heh heh) was confusing ehhh...even though broken hearts hurt, one day it will become a weapon to protect yourself. Speaking of which, back to the story "The rumoured Katori-kun" / in the 2nd VOLUME" again, Ayumi is very popular. It's hard to believe. As for Koya's popularity, it probably resulted from Ayumi. It was you, wasn't it Natori-kun.

The results of this story is my 3rd work ever since I entered the field. Waahh... My mouth is still big... Anyway, don't take offense please. I received a letter saying "After this, will Natori-chan be the owner of Aau?" (haha)? Aau is such an airhead, she has more people who like her than initially thought. But Natori-kun liking someone like this must be so difficult (haha).

Misami (she's speaking third person) likes the part that has only one person speaking. At the end, the style of the pictures seem well drawn. Speaking of which, when I was drawing this piece, it took me 2 complete months even though it felt like this piece was very difficult.

But now I'm drawing a section every 2 weeks.. ehhh... if I didn't have people to help me, I wouldn't be able to do it. It's all because of the generosity of my helpers who've helped me so much....

I LOVE SEMPAI TOO.
THIS PURE FEELING WILL REACH YOU.

Minami's Afterward

"Chain of Pearls" is a long story that started from the very first of the books so it seems such a waste that there wasn't an afterword in the first book too. But at least I have it here now (heh heh). So in conclusion, the things that are wrapped around Sakyou and Kento are really pearls and not Dango/Dango even though they're not all quite the same and even, but while I was drawing them I was also thinking that making them similar to the cover in the beginning should be okay. Ehh...no matter what, it seems I will never be free of these Hell's pearls.

There are two more unrelated one-shot stories from volume 02 that will be coming soon!
